1955 DEATH TOLL MOVES UP TO 235

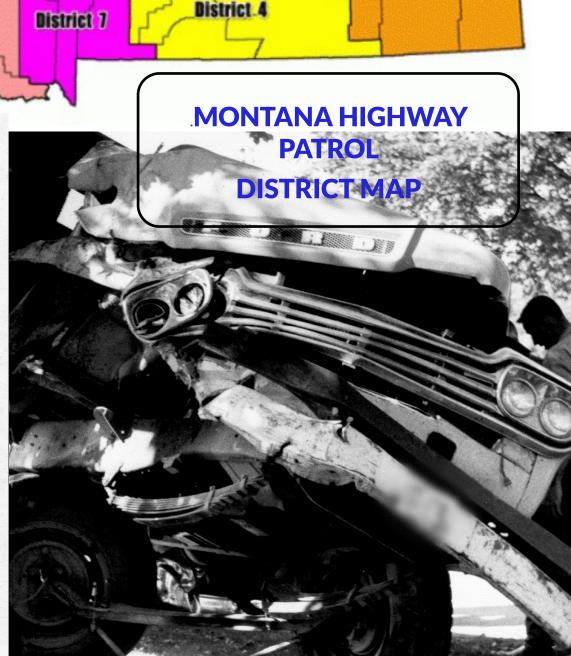

Montana's 1955 traffic toll now stands at 235 with the death of George Foley, Harlowton, from injuries from a car-truck collision Nov. 26.

The 1955 toll is 14 more than the 1954 figure, 221.

The last fatal accident of 1955 occurred only a few hours before midnight New Year's Eve near Missoula.

The fatality increase on Montana's best roads and the increasing number of multiple-death accidents made 1955 one of the worst traffic death years in the patrol's 20-year history.

More than half of the fatal accidents revealed gasoline mixed with alcohol. Speed—too fast for conditions of both car and road—came in for a fair share of criticism. Winter road conditions were also tagged for causing some of the recent crashes.
